### "everyone belongs" notes from our archives

**Musters** (now Jamborees) - from as early as 1968 with the 2nd Muster at Lismore there has usually been an overseas contingent, often from Papua New Guinea (when they didn't wear shoes!) and New Zealand.

During World War II, a group of girls from Croker Island (off the coast of Darwin) made their way down through the centre of Australia and up to the Illawarra area where they were befriended by some Girl Guides and even became their own Guide company!

### TUI 12 - Jamboree Facts

- 2700 people at the TUI 12 NZ Jamboree
- 58 of these were Australian Girl Guides
- 18 of these were from NSW & ACT

The Board of Girl Guides NSW & ACT invites Members and friends to attend the **Girl Guides NSW & ACT Annual General Meeting at Glengarry House** 2pm Saturday May 28 2012.

RSVP to Marisa: [stateteam@girlguides-nswact.org.au](mailto:stateteam@girlguides-nswact.org.au), 02 8396 5200

Girl Guides NSW & ACT invites Adult Members to attend **The State Forum at Glengarry House** Saturday May 28 2012. Registration opens at 9:30 am

## ...Foreword from the State Team...

*Connecting girls, inspiring futures* is the theme for **International Women's Day (IWD) 2012**. There are many great ways to connect girls in **Guiding**, whether it is at a local level, across your Region or at a State event. March is a lovely time to be out and about with other **Guide Units** or with community members at a **Clean Up Australia** site, an **IWD** event, **Earth Hour** or one of the **Girl Guides NSW & ACT** events. There are events for **Guides** of all ages with **WAGGGS Party Time**, **Regatta**, **Trainings** and the **Region Leaders** weekend.

**Senior Guides** and **OPs** will connect with their peers at the **Wild West Regatta**. Many friendships will be reignited and new ones made. For **Leaders** events such as **Regatta**, **Trainings** and **WAGGGS Party Time** provide avenues for us to have a chat and inspire each other. Luisa, Joanne and I very much look forward to meeting up with you again particularly at **WAGGGS Party Time**. With all the rain the Australian Botanic Garden at Mount Annan is looking fabulous. I look forward to seeing how much the trees we planted in 2010 and 2011 have grown. The trees will form a koala corridor in the future. This year there will be some of the old favourites and lots of new activities with amazing prizes to be won on the day.

I would like to thank the **Leaders** who took the time to compliment the **Communications** team on the February edition of *The Waratah*. The program pages were particularly well received. This month the program ideas follow the theme of **Harmony Day Everyone Belongs** which indeed they do in **Guiding**. To celebrate **Harmony Day**, you can join together with your **Guiding** friends and tune into the **Girl Guides Australia Promise and Law** review webinar.

I attended the **Girl Guides Australia** Board meeting in

Melbourne in February where we were updated on the **Learning and Development Needs analysis project**. The next stage of this exciting project is the **Leader Survey**. To ensure **Guiding** provides quality **Learning and Development Programs** into the future, your views are important, please take the time to fill out the **Leader survey** on **GGA** website.

In February Linda, Joanne, Luisa and I were delighted to visit Central West Region to meet with the **Leaders** and share their successes and listen to their goals for 2012 and beyond. I was also inspired at the **OP** conference as I listened to the great ways the **OPs** are contributing to **Guiding** and the community and to meet our future **Leaders**.

The redevelopment of **Glengarry** is progressing slowly due to the conditions of the **Development Application (DA)** imposed by Ku-ring-gai Council. The project started with the upgrade of the kitchen to a modern facility meeting the needs of **Guiding** into the future. The kitchen renovations (DA) triggered the need for extensive environmental and fire protection work to **Glengarry House** and the property. This work will be carried out during second half of 2012.

## Prime Minister's Olympic and Paralympic Challenges

In the lead up to the London Olympic and Paralympic Games, the Australian Government will be conducting the **Prime Minister's Olympic and Paralympic Challenges** to encourage Australian primary school aged children to participate in sport.

This is an Australian Government initiative, working in partnership with the Olympic Committees.

The challenges will run from 28 May 2012 until the close of the Olympics on 12 August and 9 September.

They aim to increase the awareness of benefits of sport, while promoting values such as inclusion, fair play and sportsmanship.

Children aged between **five** and **12** will be able to participate individually or as part of a group. Each child and group will accumulate points which go towards **Gold**, **Silver** and **Bronze** awards based on level of participation. Prizes of sporting equipment and visits from athletes will be awarded.

Registrations formally open in April - please visit [www.olympicchallenge.gov.au/](http://www.olympicchallenge.gov.au/) for details.

## Staff Changes

Andrew Teh, our Business Operations Manager, left the Association at the beginning of February and we are about to appoint a successor. I wish Andrew every success. Thanks to everyone for being patient with the Accounts staff.

Mary Nunan has joined as a Membership Development Officer to finish off our Sydney-based team. We are about to recruit the Region-based MDOs.

## National Developments

On 3 and 4 February I attended the meeting of the Australian Managers Team (the State SEOs and the National Managers) which met together with the Directors of the Board of Girl Guides Australia.

Girl Guides NSW & ACT has offered to fund a Business Development Manager to develop new sources of income for the National Organisation as well as NSW

At the beginning of February the Girl Guides Australia Board and Management Team met in Melbourne to discuss a range of topics and plan the year ahead. It was a good opportunity for the leadership team to work together on important issues for Guiding across Australia.

One item on the agenda was the learning and development review that is currently being undertaken. Girl Guides Australia has engaged Kim Parish to review our approach to meeting learning and development objectives for Leaders. I would strongly encourage you to have your say about the Australian Adult Leadership Program (AALP).

The key survey is now available at: <https://www.research.net/s/learningdevelopment-leaders>

The survey will take between 10 to 25 minutes to complete and your responses are anonymous. Your survey needs to be completed by 11 March 2012. This is your chance to influence the outcome of the review and make sure what we do in Guiding continues to meet the needs of current and future Leaders! If Guiding has happy, supported and informed Leaders we can continue to deliver amazing opportunities for girls.

In mid March, the Asia Pacific Regional Committee meeting is being held in Perth Western Australia. Guiding will welcome Asia Pacific Region and WAGGGS representatives and a full week of meetings and events

## ...from Guide House

and ACT. I regard this as vital for Guiding because the movement needs a properly resourced national office, and Quota (the amount each member contributes in fees to the national organisation as part of membership payments) is now \$20 for Girls and Adults.

It was a great opportunity to exchange practical tips on a wide range of topics – IT, grants, property, risk and insurance, retail – and find out the latest on events such as FantASTic.

are scheduled. A special thank you to Brenda Hamlett, State Commissioner Western Australia and her team for all the work they are doing to ensure the success of the week.

On 21 March, Harmony Day will be celebrated across Australia and the message is 'Everyone Belongs'. The focus this year is on sport and the role it plays in bringing everyone together. We know that Guiding across the world also links people together and we should continue to focus on this within our own communities. More information can be obtained by looking up [www.harmony.gov.au](http://www.harmony.gov.au).

On the evening of Harmony Day you are invited to join a webinar to celebrate the Day and hear about the results of the Promise and Law Review. Read more about the webinar in this newsletter and I hope lots of people are able to join in.

## Board Member Nominations

### Why you Should Nominate and Vote in Board Elections

The Board of your Association is an important decision-making body which provides direction for the organisation and oversees the management of Girl Guides NSW & ACT. The Board includes nine Members who are elected from and by the Adult Members of the Association together with up to three co-opted Members who are invited to join the Board to provide specific skills. The elected Board Members should be drawn from a cross section of the adult membership and by definition are required to act in the best interests of ALL members of the Association.

Elected Members of the Board will have varying years and types of experience in Guiding. This is valuable, however, we also look for the Board Members to contribute an extensive list of skills.

Newly elected Board Members will receive a full induction program detailing the responsibilities and obligations of all Board Members, and the strategic direction and activities of the Board. They will have the support of an existing Board Members as their buddy. Board members are expected to review Board papers and attend Board Meetings at Guide House from 5.45pm on the first Thursday of each month from February to December. There will also be the opportunity to participate in specific Committees of the Board (usually by teleconference) and attendance at any additional meetings during the year may be required, including one weekend meeting usually in January. Board Members may claim some travel and accommodation expenses associated with attending the meeting. [Refer to the Constitution of the Girl Guides Association (New South Wales) available on the Girl Guides NSW & ACT website for full details of the obligations of Board members and conditions applying to the election of the Board.]

In accordance with the Constitution, three Members are to be elected to the Board in May 2012.

The constitutional requirement contained in clause 7.2 (2) that one Member of the Board be under 30 is met by the continuing membership of the Board, however nominations from all age groups is strongly encouraged.

### Who Should be Nominated?

The nominee must be a current Adult Member of Girl Guides NSW & ACT and must have been a Member for at least three years. The nominee needs to have a passion for Guiding and be keen to contribute to decision-making in the best interests of the organisation. You can nominate a colleague OR if you are keen to serve, ask a colleague to nominate you!

### How to Make a Nomination

The nomination must be made by a current Adult Member of Girl Guides NSW & ACT:

Consider the skills your potential nominee has to contribute on the Board.

Discuss the proposed nomination and what it entails with the potential nominee and obtain their consent to stand.

Nomination forms are included with this edition of *The Waratah* and are available via the Members section of the Girl Guides NSW & ACT website, or from the State Team PA at Guide House.

### If you are Nominated

Complete the Declaration, Positions Held as an Adult Leader and Statement sections of the form. The Statement must contain no more than 200 words and it is important that this section outlines the business, work and life skills you will bring to the Board and also what you hope to achieve by your election to the Board. Attach or send an electronic photo.

### Lodging the Nomination:

Forward the form in an envelope marked Confidential to:  
State Executive Officer  
Girl Guides NSW & ACT  
Locked Bag 950  
STRAWBERRY HILLS NSW 2012

Applications close March 23 2012. If you have any questions about the process, please contact the State Commissioner at [sc@girlguides-nswact.org.au](mailto:sc@girlguides-nswact.org.au) or contact Guide House on 1300 Girl Guides

### Election Process

It is a sign of a healthy organisation if an election is required to fill the vacant Board positions. Ballot papers will be distributed by post to all Members on or before the 06 April 2012. The accompanying information will show each nominee's photo, name, date of birth (if under 30), the name of the nominator, the nominee's list of previous positions held in Guiding as an adult and the Statement of skills and vision for Guiding as presented by the nominee. All votes must be received by post by 25th May 2012. All Adult Members as at 25th May 2012 will be entitled to one vote.

### Results of the Election

The result of the election will be declared at the Annual General Meeting on Saturday May 26 2012. The newly elected Board will take office at the end of the Annual General Meeting.

# Program Activities for Younger Girls

## Rich Rabbit, Poor Rabbit

Extreme poverty is defined by the United Nations (UN) as living on less than one dollar per day. Allow the girls to explore what poverty means by setting up a 'shopping centre' - create three shop tables - for example, a greengrocer, a cake shop, and a toy shop. Display

pictures of the goods you would be able to purchase from each shop, and label them with prices (between one and three beads per item).

Divide the girls into two groups. One group is the rich rabbits; the other the poor rabbits. Give each member of the rich rabbits 20 beads each, and each member of

the poor rabbits one bead. Ask all the rabbits to hop around and go shopping. Then get the two groups to swap roles and play again.

Discuss the experience afterwards - what did it feel like to be a rich rabbit and a poor rabbit?

(Adapted from Together We Can, Girlguiding UK).

# Program Activities for all Ages

## Harmony and Diversity discussion

What is harmony? What is diversity? What are some examples of harmony in nature/in the world? What are some of the ways that people can be different from each other? What things make us the same?

## Borrowed words

Compile a list of words commonly used in English that have been borrowed from other languages.

## Where does your name come from?

Research the cultural origins of your first and last names. Do they have a meaning or story? Are there variations of your name in other languages.

## Dinner last night

Do a survey of what everyone had for dinner last night. Investigate the origins of all the dishes.

## Relax

Try some methods of relaxation that are practised in Australia (eg Tai Chi, yoga, meditation). What is their origin?

## My groups

List all the groups to which you belong eg team, family, friendship group, hobby.

## Places of worship

Find out how many different places of worship there are in your community. Who worships there?

## Special Guest

Invite parents or friends from another country to come and talk about life in their country of origin and how they have assimilated to Australian culture. Ask them to bring special costumes or artefacts that may have a special religious or cultural meaning.

See more ideas on the Harmony Day website: <http://www.harmony.gov.au>

## Help Children See Each Of Us Is Unique!

Use an inkpad to have each Guide make a thumbprint in the centre of a piece of construction paper. Then, use a magnifying glass to

examine everyone's thumbprints. How are they alike? How are they different?

Next, have everyone use coloured pencils or textas to add to and draw around the thumbprints to create unique thumbprint animals.

Discuss: Even though we're all people, (or part of the same family) our fingerprints are different. And, each of us probably thought of and drew a different thumbprint imaginary animal. In some ways, people are all alike – and yet in others, we're all unique. We look different, think differently, and act differently.

(Adapted from <http://www.kidactivities.net/>)

## Guiding Uniforms around the world

Cut out a simple silhouette of a girl from cardboard (one per patrol or per girl, for either a group or individual activity).

Assign each Guide or Patrol a country

and ask them to research the Guide uniform in that country and then dress their doll accordingly. They could draw the uniform on and colour it in, or you could provide fabric scraps to make the uniform.

Some suggested countries are: Ghana, Ivory Coast, Russia, Canada, India, France, South Africa, Philippines, Japan, Thailand, Vietnam, Hong Kong, Greece, Italy, Lebanon, United Kingdom, Iceland, Turkey, Singapore, Sri Lanka, and New Zealand.

## Greetings

In many Western cultures, we take the handshake for granted as a greeting – or perhaps a simple 'hello' or a kiss on the cheek for someone you know well. In Guideland we all know about our left-handed handshake. Here are some other greeting gestures that your Guides can practise!

In Asian cultures (particularly China, Korea, Taiwan, Japan and Hong Kong) it is customary to bow – lowering the head and torso – in greeting.

In India, it is customary to bring the palms together in front of the chest (fingers pointing upwards) and bow the head slightly in a gesture referred to as

Anjali Mudra. The word 'Namaste' may be spoken with this greeting, or the gesture used alone. The same gesture is used in Nepal, with younger people initiating the gesture with their elders.

In Thailand, the same gesture is performed, but is known as the wai (pronounced why) and in Cambodia it is called sampeah.

In Bangladesh, a relaxed salute with the right hand is a common greeting.

In Northern Mozambique, people clap hands three times before saying hello.

# "everyone belongs" – Harmony Day Activities

Some Simple  
Activities

In western culture, we often refer to an 'Eskimo kiss' as the act of rubbing noses. This is loosely based on a traditional Inuit greeting called a kunik, in which you press your nose and upper lip against another person's skin (such as their cheek).

Similar is the Maori 'hongi', which consists of two people pressing their nose and foreheads together in greeting.

In Turkey, Malaysia, Indonesia and Brunei, hand-kissing is a common way to greet elder people of both genders. After kissing the hand, the greeter will draw the hand to his own forehead.

In Zambia, it is customary to greet someone by squeezing each other's thumbs.

In Phillipino culture, the Mano or Mano po is a gesture performed as a sign of respect to elders. Similar to hand-kissing, the person giving the greeting bows towards the offered hand of the elder and presses his or head forehead on the elder's hand.

When everyone has practised the gestures, ask the girls to walk around the room. Every now and then, shout out a country. Everyone must then greet each other with that country's traditional method of greeting.

## Year of the Dragon

2012 marks the Year of the Dragon according to the Chinese calendar. The dragon is the highest-ranking animal in the Chinese animal hierarchy, and is often associated with the Emperor. Chinese dragons are believed to be an entirely different species to European dragons – the fierce, winged creatures often associated with fire. 2012 is the year of the Water Dragon, with the Water element having a calming effect on the dragon.

Talk to your Guides about the Chinese calendar, then make Dragon sock puppets! You will need:

- Long socks (stripy socks are perfect)
- foam, felt or other stiff fabric
- needle
- thread
- sequins
- glitter pens
- glue
- felt tip pen
- sharp scissors
- googly eyes

From the felt, cut out a row of spikes to go down the dragon's back, triangles to make ears, and tiny circles or ovals for the nostrils.

Push your hand into the sock and use a felt tip pen to mark where you want the nostrils, eyes and ears to go. Then glue the eyes and nostrils into place (make sure you don't glue the sock into place!). Pinch the bottom of the ears together and secure in place with a few stitches (or staple), turning the sock inside out to do this.

Then glue or sew the row of stitches down the dragon's back. Decorate with glitter pens and sequins!

## Indigenous Populations

Find out about the Traditional Owners and custodianship of your local area. Is there someone who may be able to talk to the girls about it? A staff member from your local council, a park or forest ranger or someone from a local history society may be able to help you with some or all of the following activities. If not, you can do your own research.

- Lead a discovery walk in your local area teaching the girls about bush tucker
- Take your Guides to any significant local sites such as carvings or paintings
- Explain the meaning of the Aboriginal place names in your area.

Girl Guiding and Girl Scouting is open to all girls and young women, whatever their religion, ethnic group or background. A Girl Guide or Girl Scout accepts the Promise and Law based on spiritual values, personal development and commitment to helping others.

Here in Australia, Harmony Day is the ideal time to celebrate the cultural and spiritual diversity that makes our Australian culture such a rich tapestry.

Harmony Day is an annual celebration of Australia's cultural diversity. The event is about bringing people together to promote community participation and celebrate Australian values such as respect, fairness and acceptance.

The Communications Team at Guide House would love to help gain media coverage of any activities or events your Unit is holding to celebrate Harmony Day. Please complete the form on the Public Relations page of our website (under 'Adults' then 'Public Relations') at least a week before your event, or phone Britt on 02 8396 5200.

## Look out for the New Handbooks

In the lead up to the launch of the new **Girl Guide Handbooks**, we are revisiting the resources that compliment the handbook and our Program.

### LOOK WIDER STILL

This publication contains the extension of the competency based **Achieve a Challenge Trefoil 3 badges** and the **Commonwealth Award badge** syllabus. These badges are designed to challenge girls 14+ to improve their knowledge and skills in various areas. The Commonwealth Award is open to Guides (14+) and Olave Program members (up to 25) in Commonwealth countries. This Award strengthens the bonds between girls living in the Commonwealth by allowing them to learn about one another's history and culture and further their knowledge of their own country. Before commencing any work on these Awards, the Guide should consult her peers and Unit Leader(s). Check with the State Program Adviser if the badge requires the appointment of a specific assessor as this must be done prior to starting any challenges.

## Girl Guides Australia Promise and Law Review Working Party

invites you to join and celebrate **Everyone Belongs** at a **Harmony Day party**, Wednesday 21 March 8pm NSW & ACT, VIC, TAS 7.30pm SA 7pm QLD 6.30 pm NT 5pm WA via Webinar with your friends - at your chosen location.

This is your chance to hear the results of the Review and where to next.

**Dress:** a splash of orange

**RSVP** to Kirsty Prasad, National Office Administrator: email [admin@girlguides.org.au](mailto:admin@girlguides.org.au) by 14 March 2012.

Participants, when they RSVP, are asked to include:

- number of participants
- name and email of lead person
- postcode
- contact number

Girl Guides can now register their Harmony Day event or promotions on the Harmony Day website ([www.harmony.gov.au](http://www.harmony.gov.au)) to be eligible to receive free promotional products.

Some of these badges can be achieved through cross-crediting with skills based programs provided by nationally accredited organisations. This includes: *Royal Life Saving Society of Australia, Surf Lifesaving Association and the Australian Red Cross.*

**Assessment:** These badges are Peer Assessed but in most cases a State Approved Assessor is required to "sign off" on the badge. This person may be a Qualified Leader or may be from an outside organisation. There may be additional State paperwork to complete before the badge is approved.

**Later on:** If Awardees go on to become Leaders, many of the competencies demonstrated can gain them Recognition of Prior Learning in the **Australian Adult Leadership Program (AALP)**.

The cross-crediting for the **Leadership Trefoil 3** is set out in the Leader's Journal: **Getting Started**. To find out more about cross-crediting youth badges to AALP Modules consult our State Training or Outdoors Advisers.

**Remember:** Whatever challenge is chosen by the Guide, it is important that she **strives to do her personal best**.  
\*\*Please note: in the February edition of The Waratah, we stated that 'Achieve a Challenge' badges are assessed by individual Guides and their peers. In fact, they are competency based and need to be assessed by the appropriately qualified adult.

## Learning & Development News

Many, many thanks to you all for sending congratulatory greetings on my OAM Award.

I am overwhelmed by the fact that my work, primarily in Training, is considered worthy for an award. Thank you to those who contributed to completing the paperwork for my nomination and to Jeannette Druce who is persistent throughout the Award process so that Guiding personnel are rewarded and Guiding is placed in the spotlight. Thanks also to the many past and present Members who have influenced my Guiding.

However, back to the training required by all Leaders in order to keep the Association reliable and safe – have you checked upcoming dates? Are you booked into the

right training for you? Have you sought advice on what you should be doing?

I must also ask – have you completed the National Survey on Learning and Development Needs? This opportunity for you to have a say will then lead to the future decisions for us all.

Please check your database to confirm your last appraisal and date of completion of a Further Development Module has been entered. If not, let the Training department know.

I have been asked recently about the appraisal of a Guiding Assistant. At present, the Guiding Assistant fills out a Leader's Appraisal form in consultation with the Unit Leader with whom she works. Where it asks for further development, the Guiding Assistant simply

explains how she has increased her knowledge/skills in Guiding. This may be through such as attendance at Region Conferences/Gatherings, staffing on camps, being involved in a planning committee for an event or simply researching information/games/activities for the Unit. The Guiding Assistant does not have to complete modules but can do so but must meet entry criteria beforehand.

Guiding Assistants are a valuable asset to any Unit. Please nurture yours!

Training events increase knowledge, skills, and confidence – I look forward to seeing you at one soon.

## Outdoor News

This year's World Thinking Day theme "We can save our planet" is a great goal to have. All the little things we can do will grow into bigger things – true for both good and bad things. The ideas from the WAGGGS Thinking Day pack were especially suited to exploring the environment and initiating questions on how "we can save our planet". If you are not clear on global warming or climate change an internet search will provide you with

a basic understanding or enough information to be part of the debate. What ever your understanding or lean, we can make girls aware that together we can save our planet – starting with small steps.

If World Thinking Day has inspired your unit to take action for the environment, don't forget coming up on 6 March is **Clean Up Australia Day**, followed closely by Earth Hour on 26 March and Earth Day on 22 April. And on 31 March WAGGGS Party Time activities are once again

## Olave Program News

### We Can Do It!

The end of February saw over 30 Olave Program members participate in the annual OP Conference at the Karingal Campsite in Engadine, Sydney. Meeting Lauryn Eagle was certainly a highlight and she definitely ensured that we were alive, alert, awake and enthusiastic! It was great to see so many new faces and catch up with old ones. We certainly proved that 'We Can Do It' and hopefully the enthusiasm and motivation that participants left with will filter into Regions all over NSW & ACT.

### National News

Towards the end of March I will be attending a face-to-face meeting with the National Olave Program Committee. If you have anything you would like me to raise on behalf of the NSW-ACT OP please email me at olavecommittee@hotmail.com

### Serve, Support, Succeed

Service plays a large role for members of the Olave Program. What service activities have your peer groups got planned for this year? The committee would love to be kept up-to-date with your plans. We would also love to receive some photos of peer groups undertaking various activities. Please forward these to the committee email address.

### Buddy Program

Recently you should have received some information regarding the Buddy Program. We are still looking for volunteers, especially from areas outside of Sydney. It will only take up a couple of hours per month between April and October and you will be invited to attend the Buddy Weekend 1-2nd December 2012. Please email buddyprogram@hotmail.com for more information or to confirm your interest.

Lastly, to save anything we must know of its value. So arrange to take your unit to a rainforest, a wetlands or the beach; make it a day excursion or a camp. By seeing our planet first hand can make all the difference to the enthusiasm for saving it

## Properties

Do you have Overnight Stays at your Hall?  
Unsure if the paperwork is up to date?

If you offer overnight stays at your Hall, we recommend you check with **Melissa at Guide House** to confirm the paperwork is still current. It may be the case that this paperwork hasn't been completed for some time and the approval is now out of date.

To ensure the safety of those using the facility, it is necessary that these halls are reinspected every five years to ensure ongoing safety measures are met.

Alternatively, if you know your Hall is not approved for overnight stays and would like to enquire as to whether this is a possibility, contact your District Leader/ROAC. A help sheet and indoor inspection form can be found at [http://www.girlguides-nswact.org.au/outdoors\\_forms](http://www.girlguides-nswact.org.au/outdoors_forms). The form needs to be signed by your ROAC before being sent into Guide House for approval.

Any further questions, please do not hesitate to contact **Melissa at Guide House: 02 8396 5200** or [regionproperty@girlguides-nswact.org.au](mailto:regionproperty@girlguides-nswact.org.au)

### Region Properties – Contractors Working at your Guide Hall/Guide Facility

Many of us rely on contractors to keep our halls looking great and working well for our Guide Units and other users. Most of our contractors are quality tradesman we can trust, but we have all heard those horror stories of dodgy tradesman who leave a trail of financial and safety misery. The Association doesn't want that to happen to you, so if you are undertaking any regular or one-off maintenance or capital works, it is important you obtain the necessary certification from your contractor before they enter your Hall to conduct any works (regardless of whether it may be internal or external works).

**What:** You need to obtain a copy of (or sight a copy of) their Certificate of Currency of Public Liability Insurance and Workers Compensation Insurance, Certificate of Registration of Business, and relevant License i.e. an electrical or carpentry license.

**When:** You should ask for this as soon as you confirm your booking for works. You may request they provide you a copy for your records or bring it with them on the day for sighting.

**Why:** This paperwork is necessary to ensure they are sufficiently qualified and insured so as to protect the Association from any claims of negligence and to check from an accounting perspective that they registered for GST.

**What to look for:** You should check that the name on the Certificate is the same name as the company/individual contracted to do the works, check the expiry date for validity and also the sum insured (for public liability it should not be less than \$10 million).
