

The Big Squeeze

You need:

A coin
2 tea towels
A Leader

How to play:

Girls sit in two lines facing each other holding hands with the girls either side of them.

At each end of the lines place a tea towel on the floor.

The Leader stands at one end with a coin (this is the start end).

Everyone except the two girls at the start end closes their eyes.

The Leader tosses the coin onto the tea towel (so there is no noise).

The Leader keeps tossing the coin until heads comes up.

As soon as a line leader sees heads they squeeze the hand of the girl next to them.

The squeeze goes down the line to the other end where the last in line grabs the tea towel when they get the squeeze and runs to the start of the line.

The tea towel is placed back on the floor and the game Leader tosses the coin again.

The game is won when the original team leader returns to the front of the line.

With a large group of Guides this might take too long – you could just set a limit of six team wins to one team.
